BAND-IT SIGN MOUNTING HARDWARE

THE BAND-IT CLAMPING SYSTEM:

Band-It band, buckles, clips, and tools provide clamps that are universally recognized as efficient, easy to apply and superior in quality. Band-It band and tools are widely used as a means of attaching signs and signals to poles and other objects. Band-It is the pioneer in the banding industry and is unsurpassed in product quality and consistency in materials

BAND-IT BAND TYPE 201 STAINLESS

Band-It Band comes in a choice of metals and in a range of widths and thicknesses. All stainless steel. For extra strength, use a double wrap. Threading the band through the buckle each time around. Order band and buckles of the same material and width.

The Band-It Bands are available in waterproof plastic totes. Color-coded for easy identification. Totes feature a convenient carrying handle, and a see-through design to show remaining band. .030 thickness

C204B 1/2" x 100' Roll #16600295
C205G 5/8" x 100' Roll #16600250
C206R 3/4" x 100' Roll #16600150

VALUSTRAP

An austenitic non-magnetic stainless steel strapping used for tank and pipe covering, signs and other lightweight applications. .015 thickness

C135 5/8" X 100' Roll #16600301
C136 3/4" X 100' Roll #16600302
*Note: Valustrap and Valustrap Plus are not available in plastic totes

BUCKLES

Ear-Lokt Buckles are designed to accommodate both single or double wrap clamps in widths to correspond with Band-it Bands.
C254 1/2" #16600800   Box-100 #16600801
C255 5/8" #16600700   Box-100 #16600701
C256 3/4" #16600600   Box-100 #16600601

VALUSTRAP PLUS

This strapping is used when additional strength is needed for pipe covering and traffic signs. Used with valuclips. .020 thickness

C161 3/4" X 100' Roll #16600310
C163 3/4" X 200' Roll #16600311
C181 1/2" X 100' Roll #16600312
C183 1/2" X 200' Roll #16600313

VALUCLIPS

Valuclips are reinforced with angle ribs for extra strength. For use with Valustrap.
C154 1/2" Each #16600402   Box-100 #16600406
C155 5/8" Each #16600401   Box-100 #16600405
C156 3/4" Each #16600400   Box-100 #16600403

SCRU-LOKT BUCKLES

Use Scru-lokt Buckles when close quarters will not permit the rollover action of the Band-it Tool, or when a temporary or adjustable clamp is desired. Hex wrench is included with the buckles.

C724 1/2" Each #16600850
       Box-25   #16600855
C725 5/8" Each #16600875
       Box-25   #16600880
C726 3/4" Each #16600900
       Box-25   #16600905

A. 1-BOLT STRAIGHT LEG BRACK-IT:
D001 - Stainless Steel Bracket with SS Bolts, Washers and Fiber Washers
Each #16601000   Box-50 #16601001
D004 – Stainless Steel Bracket – No Bolt or Washer
Each #16601100   Box-50 #16601101

B. 1-BOLT FLARED LEG BRACK-IT:
D021 - Stainless Steel Bracket with SS Bolts, Washers and Fiber Washers
Each #16601400   Box-50 #16601401
D022 – Stainless Steel Bracket – No Bolt or Washer
Each #16601500   Box-50 #16601501

C. 2-BOLT BRACK-IT:
D008 – Stainless Steel Bracket with SS Bolts, Washer and Fiber Washers
Each #16601125   Box-50 #16601126
D009 – Stainless Steel Bracket, No Bolts or Washers
Each #16601130   Box-50 #16601135

SIGN MOUNTING BRACK-ITS:

Band-It Sign Mounting Brack-Its are used to mount traffic signs securely with Band-It Bands and Buckles, Valustrap, Valustrap Plus or Free-End clamps. Brack-Its are available with or without bolts. The hex head bolts with metal and fiber washer require no nuts and are fully threaded to solidly anchor sign.

L-MOUNT

L-Mounts provide a solid anchor for signs mounted at right angles to the pole. Each L-Mount, .070" thick, has two bolt holes suitable for 5/16" or 1/4" bolts. Stainless Steel.
D007 #16603250
Box-50 #16603255

SIGNAL MOUNT

D040   #16603199
Box-25   #16603200

Aluminum die cast signal mount or pole plate for traffic signal lights, large cantilevered street signs and other equipment. The radius of the standard signal mount accommodates a large range of pole diameters. The narrow back signal mount can be used on small diameter poles or for mounting on poles with flat surfaces. Attach to pole with 3/4" Band-it Stainless Steel Band and Buckles.

TOOLS

THE BAND-IT TOOL

A drop-forged electroplated and baked on epoxy straping tool with tensioning capability of over 2,400 pounds and built-in cutter. Used to apply Band-it Bands and Buckles, strapping and Free-End clamps.
C001 #16600000

HEAVY DUTY TOOL

The Heavy Duty Tool is perfect for band widths from 3/16" to 3/4".
C003 #16600005

BANTAM TOOL

The Bantam Tool is designed for use in light duty banding applications such as insulation, cable bundling, and sign hanging.
C075 #16600001

3/4" BANDING

Band#	Bands/Tote	Band Length	Part Number
UL2020	30	20"	#16605500
UL2028	21	28"	#16605525
UL2036	33	36"	#16605550
UL2052	23	52"	#16605575
UL2060	20	60"	#16605590
UB256 3/4" Buckles Box/100			#16606025
UL4000	TOOL		#16605400
Additional lengths available, please call for more information.			

UL4000 POWER BANDING SYSTEM

STRONGER– Only Ultra-Lok® offers high tensile stainless steel bands which are 25% stronger than typical Municipal steel bands.
FASTER – Field tests confirm Ultra-Lok installations are 4 times faster than traditional band and buckle installations.
SIMPLER – Installation guesswork is reduced due to pre-determined band lengths and tool torque settings.
DEPENDABLE– The UL4000's charging unit has normal charge and deep cycle switch positions for charging the twin, 19 bolt, NICAD power packs.

This power banding system is designed to save the user time and money.
