

TRAFFIC SAFETY SUPPLY COMPANY

Your Traffic Sign & Supplies Resource Since 1956

CUSTOM BANNERS

Banners are an affordable way to promote your events, products and services.

SEWN AND GROMMETED BANNERS

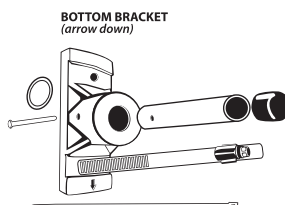

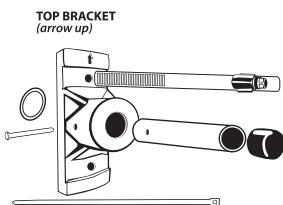

Traffic Safety Supply can create banners to fit your project needs. We offer 13oz matte and gloss finish banners and 15oz heavy duty material, as well as our economical banner material for seasonal product advertising or event announcing.

Banners are sewn on all edges and punched with 3/8" self piercing grommets, in your choice of brass, nickel, or black nickel finish.

Banner can be fabricated in any size depending on your needs. Please contact our sales department with your project ideas.

BOULEVARD BANNERS

Boulevard Banners are a tremendous way to take advantage of using a street's light pole to welcome visitors to your town and promote upcoming community events. These popular banners are one of the best ways to advertise a special event or festival. Street-lined light posts offer great visibility to everyone traveling through town.

STANDARD BANNER MOUNTING KIT

For banners up to 30" wide.

The base is made from rust free cast aluminum with fiberglass arms. The fiberglass arms will flex in strong winds, transferring some of the wind load off the banner.

Unique base design will fit square, round, or multi-sided poles. 3/4" fiberglass arms for strength reduce wind load from banner.

Kit Includes

- 2-Cast Aluminum Brackets
- 2-White fiberglass arms
- 2-End caps
- 2-Tie wraps
- 2-Pins & rings
- 4-40" stainless steel bands

#16666010

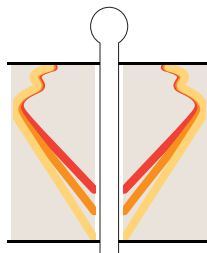

STANDARD DOUBLE SET MOUNTING KIT

For two banners mounted on a single pole

Kit Includes

- 4-Cast Aluminum Brackets
- 4-White fiberglass arms
- 4-End caps
- 4-Tie wraps
- 4-Pins & rings
- 4-40" stainless steel bands

DELUXE BANNER MOUNTING KIT

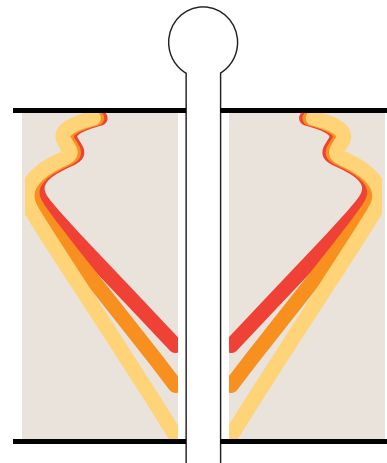

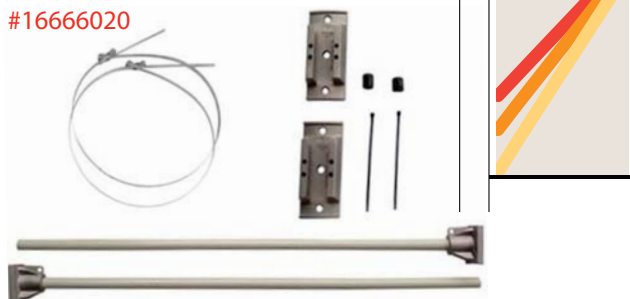

Mounting Hardware Is Rated For Banners Up To 30" x 96"

This state-of-the-art system is designed to withstand the elements. The base is made from rust free cast aluminum with fiberglass arms. The fiberglass arms will flex in strong winds, transferring some of the wind load off the banner. The arm is also canted for added wind resistance. Unique base design will fit square, round, or multi-sided poles. The bracket is designed to be adjustable for fitting and arms can be replaced without removing banding. To adjust your banner all you need is a standard allen wrench set.

Kit Includes

- 2-Cast Aluminum Base Plates
- 2- 30" Arms featuring fiberglass rods
- 2-End caps
- 2-Tie wraps
- 9/16" Screw Gear Bands 40"

#16666020

DELUXE DOUBLE SET MOUNTING KIT

For two banners mounted on a single pole

Kit Includes
