HONDA GENERATORS

SUPER QUIET SERIES

EU Series generators represent the leading edge of portable power technology. Ranging from 1,000 to 6,500 watts, these totally enclosed, super quiet generators are ideal for recreational and home backup applications.

EU1000iA2

- 1000 watts, 120V
- Ideal for TV, lights, fans, small power tools and more
- Super quiet
- Less than 29 lbs!!
- Fuel efficient - up to 8.3 hrs on 0.6 gal of gas
- Inverter - stable power for computers and more

#14706106

Why are Honda generators number one on the job? Easy. Reliability and durability. On construction sites, time is money; crews can't afford to be idle due to a lack of on-site power. In the construction and rental industry, Honda has consistently been named "most preferred" in reader surveys by leading trade publications. Minimal downtime plus minimal maintenance equals happy customers.

All Honda Generators feature the Honda GX commercial grade engines. These four-stroke engines have long been recognized as the industry leader in providing reliable, quiet and fuel-efficient power.

Features include overhead valves for smooth, consistent power. Many offer a dual element air cleaner that provides a clean supply of air for increased engine life. All Honda generators are equipped with Oil Alert® which protects the engine by shutting it down if oil reaches an unsafe level.

Honda's legendary four-stroke engine design runs about 30% more fuel efficiently than comparable side-valve engines. So it's no wonder Honda makes more engines than anyone else on earth. From the smallest to the largest generator, Honda engines provide the type of power and performance that'll get any job done.

B. EU2000i

- 2000 watts, 120V
- Ideal for TV/DVD, satellite, fridge, coffee pot, and more
- Super quiet
- Easy to carry - less than 47 lbs!
- Fuel efficient - up to 9.6 hrs on 1 gallon of gas
- Inverter - stable power for computers and more

#14706108

A. EU2000i Companion

- 2000 watts, 120V
- Built in 30A outlet for easy parallel capability with another EU2000i
- Ideal for TV/DVD, satellite, fridge, coffee pot, and more
- Great for RV applications
- Super quiet
- Inverter - stable power for computers and more

#14706118

EU3000is

- 3000 watts, 120V
- Power for your furnace, fridge, microwave, most 13,500 BTU RV AC units, and more
- Super quiet
- Convenient electric start
- Fuel efficient - up to 20 hrs on 3.4 gallons of gas
- Inverter - stable power for computers and more

#14706119

Handi EU3000i

- The lightest 3000-watt inverter generator Honda's ever made
- Wheels and folding handle for true portability
- Compact design
- Offset handles for easier lifting
- Recessed convenience light

#14706115

EU6500is

- 6500 watts, 120/240V
- Perfect for home back up power, RV's, outdoor events, job sites, and more
- Super quiet
- Fuel efficient - up to 14 hrs on 4.5 gallons of gas
- Convenient electric start
- Inverter - stable power for computers and more
