HONDA PUMPS

DE-WATERING PUMPS

Honda de-watering pumps are designed for applications including irrigation, flood control, light construction, and swimming pool draining. Choose from an extensive selection of models with different features, pumping capacity and technical characteristics. With all these choices, there's no doubt you'll find one that fits your needs perfectly. Plus, every one of these pumps is compact, lightweight, and features something that professionals worldwide already count on – legendary Honda performance.

LIGHTWEIGHT PUMPS – PORTABLE CENTRIFUGAL WATER PUMPS

WX series pumps deliver exceptional performance in a truly lightweight package:

- Honda easy starting mini-four stroke engines
- Compact, lightweight design
