

When paired together, the Sirocco Lighting Balloon and the Honda Generator offer ideal lighting solutions for construction, emergency and rescue, recreational, rental and event applications.

The Sirocco Lighting Balloon, created for the nighttime construction industry, provides users with powerful, non-glare illumination (either Halogen or HMI) in a lightweight, portable package.

Features of each unit include:

- Glare-free, high-powered lighting that can illuminate areas from 6,000-15,000 square feet in diameter
- Ability to attach to a vehicle and moved easily from site to site
- Lamp brackets that protect bulbs during shipping and on-site transport
- Metallic cable strength relief
- A balloon envelope that adds strength and increases light power
- An auto-inflation system that works in five minutes

The Balloon

- Diameter: 36"
- Self-inflated by a built-in fan
- Tubular envelope offers a better light diffusion

Safety & reliability

- IP54 Balloon
- Flame-retardant fabric
- Special stabilizer to protect the lamps
- Innovative safety system with pressure switch

Advantages

- Efficient: diffuses a powerful soft light due to halogen lamps
- Rain and dust proof
- Effective light diffusion (360°)
- Tubular envelope: more light for working areas
 - *Ideal for construction sites*
- Vibration-resistant system included
- Improved lamp life expectancy
 - *Improves mobility, saves costs*
- Improved durability
- Wide operational temperature range

Honda's legendary industrial generators have earned a reputation in the construction and rental industries for their incredibly rugged reliability. The EB3000c model features Honda's CycloConverter™ technology, which makes it dramatically lighter than other competitive units producing the same amount of power.

Backed by Honda's commercial use warranty and legendary reputation for performance, durability and reliability.

Features:

- 3000 watts, 120V
- Lightweight - only 68 lbs.
- Honda commercial OHV engine
- Exclusive CycloConverter technology
- GFCI receptacle
- 12V DC charging
