

TRAFFIC SAFETY SUPPLY COMPANY

Your Traffic Sign & Supplies Resource Since 1956

THERMOPLASTIC

Durable Preformed Thermoplastic Logos and Surface Signage

Maximize traffic guidance, reduce sign clutter, increase brand awareness, enhance community pride, and promote school spirit with durable preformed thermoplastic horizontal surface signage that is engineered to last 6 to 8 times longer than paint, and even longer in areas with only pedestrian traffic. DecoMark® design and color combinations are virtually endless. DecoMark® is surface applied and does not alter or impair the substrate. Application does not require expensive capital equipment, customized tools, templates, or grids. Sealer is required for all applications and is supplied with your surface sign or logo.

DISPENSING GUN
FOR APPLYING SEALER
