POST DRIVERS & PULLERS

MANUAL SQUARE TUBE DRIVER

2" Tube Driver
#12102195
2-1/4" Tube Driver
#12102200

MANUAL U-CHANNEL AND UTILITY POST DRIVER

1.12/1.5 lbs./ft #11901101
2-4 lbs./ft Medium #11901102
2-4 lbs./ft Heavy Duty #11901103
Utility Post #11901500

MANUAL V-LOC DRIVE CAP

For sledge driving
#11501500

ONE PERSON POST DRIVER

Drives 2 and 3 lbs./ft. posts, up to 12 ft. tall from ground level. Used for U-Channel, Square Tube, or Round posts. Size: 3-3/4" Barrel I.D. x 65" tall Weight: 38 lbs #11901100

PD-55 AIR OPERATED POST DRIVER

Easily operated by one man. This post driver delivers up to 1700 blows per minute. One moving part, a reciprocating piston, strikes directly on the post or drive cap. This driver has low air consumption rate, is light weight and hand portable, ideal for driving in places that are hard to reach. All you need is enough air capacity, the recommended air pressure, a Filter-Regulator-Lubricator to assure clean air, proper pressure, plus ten drops of oil per minute and your post driver will give you fast, low-cost driving. Alloy Steel Pistons and other features insure little or no maintenance.

#17602237

BH65 GAS POWERED DRIVER

This 57 lb demolition machine tops its class in smash, delivering 1,250 blows per minute measuring 65 joules each.

- Gasoline Breaker brings reliability and high-performance to any job site
- Large oversize fuel tank reduces refueling and provides for long run time
- The proven EPA-certified WACKER two-cycle gasoline engine, specifically designed for tough and rugged applications, is a powerful, low exhaust emission engine offering long service life.

Proper shank size is determined from two measurements:

- (A) Hex diameter across two opposite flats.
- (B) Length of Hex portion of shank.

Please know these dimensions when ordering a shank and cap for your power type hammer. The dimension of the power drive cap should match the outer dimension of your upright post.

PD45 HYDRAULIC POST DRIVER

- Drives posts of almost any configuration- U-Channel, round or square.
- Operator can "index" the post and tool for full control.

The PD45131 is controlled by a remote on/off valve that allows the operator to position the post driver and control its operation from a valve that is remote from the driver.

#17602235

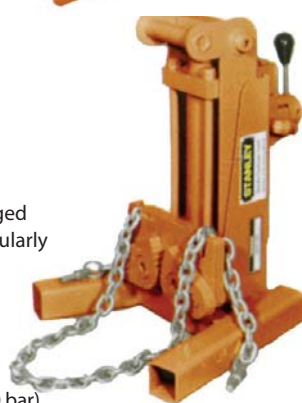

The PD45132Gs specifically designed to meet State Department of Transportation (DOT) requirements for driving breakaway guide posts. This unit has a valve to control on/off function built into the handle. It will drive posts to within 4 inches (100 mm) above ground level.

#17602236

PP10 HYDRAULIC POST PULLER

- Designed to remove flanged type sign posts and irregularly shaped posts up to 8" (20cm) wide.
- Gripper jaws grasp any flanged post.
- Pulling force of 9800 lbs. (4450 kg) at 2000 psi (140 bar) input pressure.

SPECIFICATIONS:

| | |
|------------|----------|
| STROKE | 8" |
| FULL FORCE | 9800 lb. |
| PRESSURE | 2000 psi |
| FLOW RANGE | 3-9 gpm |
| WEIGHT | 62 lb. |
| WIDTH | 12.75" |
| HEIGHT | 18.75" |

#12102242

U-JACK POST PULLER

The only hand tool in the industry to extract sign posts within inches of the ground, with more than 2 tons of upward force. Made of high quality steel components to insure continuous service to the user. For use on perforated square tube, U-channel posts, and all other perforated posts.

POWER DRIVER/BREAKER

| Description | Inch |
|---------------------------|--------------------------------|
| Length x width x height | 37.8x17.7x13.1in |
| Shipping size (l x w x h) | 38.6x18.5x14.2 in |
| Shank | hex 1-1/8" in x 6 in |
| Weight without tool | 57.3 lb |
| Single stroke impact | 47.9 ft lb/blow |
| Percussion rate | 1,250 blows/min |
| Sound pressure level | 108.5 dB(A) |
| Drive engine | air-cooled 2-stroke gas engine |
| Displacement | 4.9 in ³ |
| Rated power output | 2.7 hp |
| at | 4,100 rpm |
| Fuel type | gas-oil mixture 50 : 1 |
| Fuel consumption | 1.0 US qt/h |
| Tank capacity | 2.2 US qt |

DRIVER ACCESSORIES

Power Drive Shank available in the following sizes:

- 7/8" x 3-1/4"
- 1" x 4-1/4"
- 1-1/8" x 6"
- 1-1/4" x 6"

* Other sizes available, please contact our sales department

| | TOOL | APPLICATION | PART # |
|-------------|-----------------------------|---|----------|
| | Moil Point | The most popular all-purpose tool for concrete breaking. | 17602260 |
| | Chisel | Cutting asphalt, line cutting or scoring of concrete, and breaking of softer concretes and other substances too soft for efficient moil point work. | 17602265 |
| | Narrow Chisel | Same purpose as a moil point, but with a blade instead of a point. | 17602270 |
| | Asphalt Cutter | 5" wide blade designed for cutting asphalt. | 17602275 |
| | Brushing Tool | Levels or roughens uneven floors or walls prior to resurfacing. Also used to remove excess material such as concrete. | 17602280 |
| | Clay Spade | For cutting and removal of clay and hardpan. A heavier blade is available for trenching, trimming, and general excavation. | 17602285 |
| | Tarmac Cutter | Tapered Blade which forms a wedging action to improve efficiency of your hammer. Designed for use on asphalt only. | 17602290 |
| | Frost Wedge | Rapidly breaks frozen ground. A real time saver! | 17602295 |
| | Digging Chisel | For deeper penetration. Can be used to cut asphalt and frozen earth. | 17602300 |
| | Asphalt Wedge | For cutting asphalt pavement when wedging action is needed. | 17602305 |
| | Spike Driver | For driving Railroad, Parking Block, Speed Bump, and Stop Flapper spikes. | 17602310 |
| | Pin Driver | Diameters range from 5/8" thru 2.5" to drive pins, steel and wood stakes. | 17602315 |
| | Ground Rod Driver | Available in 5/8", 3/4", 7/8", and 1" rod sizes. 3" hole is incorporated in the driving end to guide and support the ground rod. | 17602320 |
| | Round Dirt Tamper | For tamping backfill, packing loosened materials or compacting dirt. Includes drive shank. | 17602325 |
| | Square Dirt Tamper | For tamping asphalt pavement. Perfect for Pot Hole Patch tamping. Includes drive shank. | 17602330 |
| | 2" Anchor Driver | Shank and drive cap for driving 2" Anchor for Square tube posts. | 17602335 |
| | 2-1/4" Anchor Driver | Shank and drive cap for driving 2-1/4" Anchor for Square tube posts. | 17602340 |
| | 2-1/2" Anchor Driver | Shank and drive cap for driving 2-1/2" Anchor for Square tube posts. | 17602345 |
| See page 81 | V-Loc Anchor Driver | Shank and drive cap for driving V-Loc anchors. | 11501504 |
| | EZ-Erect Anchor Driver | Shank and drive cap designed for driving U-channel post anchors. | 17602350 |
| | Survivor Post Anchor Driver | For driving Carsonite Survivor anchors. | 17602355 |
