## PARKING BLOCKS

### 100% RECYCLED PLASTIC PARKING BLOCK

- Never needs paint and will not crack.
- Handled and installed easily.
- Heavy enough for stability but exceptionally durable while several times lighter than concrete.
- Is impervious to salt, oil, gasoline, and other road chemicals.
- Includes installation instructions and hardware.

Size: 5" x 7" x 72" (all dimensions nominal, allow for to 3%-4% mold shrinkage)

Colors: Gray, yellow, and blue

Shipping weight: 28 lbs. (includes hardware)

Yellow #17909000

Gray #17909100

Blue #17909150

Also Available:

Concrete Parking Block. (includes hardware)  
Size: 6 Ft Weight: 250 lbs.

# 17909200

### RECYCLED RUBBER PARKING BLOCK

- Manufactured from 100% recycled tires.
- Maintenance free.
- Will not warp, crack, chip, or rot.
- Contributes to a safer environment.
- Easy handling and storage.

Weight: 34 lbs.

6 ft. Black/Yellow #17909300

6 ft. Black/White #17909370

6 ft. Blue/White #17909330

## SPEED BUMPS

### RECYCLED RUBBER SPEED BUMP

Constructed of tough, recycled tire rubber, with a UV stabilized virgin rubber overlay. Durable enough for heavy truck traffic.

Size: 72" x 12" x 2-5/8"

Dual 1-1/4" channels on bottom to allow for drainage and accommodate pipe, wire, or cable.

6 Ft. Black/Yellow #17909800

### 100% RECYCLED PLASTIC SPEED BUMP

The design of the speed bump allows a gradual rise from the pavement to a maximum height of 2-1/2". There are no abrupt breaks to cause unnecessary horizontal movement.

The permanent installation of speed bumps can be accomplished in minutes in any location. Bolts, anchors, and adhesive are included in this field-tested and proven system which by its unique design provides a mechanical lock between the speed bump and the pavement surface.

- Light weight, durable solid thermoplastic.
- Solid color clear through, never needs painting.
- Easily and quickly installed with field-tested and approved system.
- Unique design resists breaking.
- Impervious to all known road chemicals.
- Ideal for aftermarket installations.
- Minimum freight costs.
- Includes hardware.

Size: 2-1/2" x 10" x 72" (all dimensions nominal, allow for mold shrinkage)

Shipping weight: 24 lbs.

6 Ft. Yellow #17909700

9 Ft. Yellow #17909750

## WHEEL CHOCKS
