CARSONITE ROADMARKER CRM-375

Withstands High Speed Vehicle Impacts

For use on straight-aways and general delineation, Carsonite's Roadmarker will withstand numerous vehicle impacts at various speeds and return to its original upright position. The unique "three-rail" design provides the optimum combination of flexibility and structural integrity for easy installation. The recessed surface protects sheeting from damage during vehicle impacts.

Material: Composite
 Width: 3.75"(9.5cm)
 Lengths: 62"(157.5cm), 66"(167.6cm),
 72"(182.9cm), 78"(198.1cm),
 84"(213.4cm)
 Weight: 2.5 lbs.(1.1kg)(62")
 Colors: White, Yellow, Brown, Orange,
 Red, Green, Blue
 Model: **CRM-375**

BOUNDARY MARKER CBM-250

All-purpose, economical post for rural, right-of-way, culvert, fire hydrant, pedestal, and boundary marking. The Carsonite boundary Marker is a heavy-duty utility post which installs easily. Its rigid design makes the Boundary Marker most suited for non-impact areas.

Simply apply letters, numbers, decals, or sheeting to one side of the post for easy identification.

For letters/numbers see page 64.

Lengths: 60" (152.4cm), 72" (182.9cm)
 Width: 2.625" (6.7 cm)
 Colors: White, Yellow, Brown, Orange
 Model: **CBM-250**

CURV-FLEX CFR

Passed NASHTO and SASHTO Vehicle Impact Testing Ideal for on/off ramps, curves, and other high impact areas. Curv-Flex is designed for greater flexibility, enabling high speed vehicle impacts. Because of its greater flexibility, the Curv-Flex may require a small pilot hole in dense soil conditions before installation with PDR-1 Driver.

Material: Composite
 Width: 4"(10.2cm)
 Lengths: 62"(157.5cm),
 66"(167.6cm),
 72"(182.9cm),
 78"(198.1cm),
 84"(213.4cm)
 Weight: 1.98 lbs.(0.9kg) (62")
 Colors: White, Yellow, Green, Blue
 Model: **CFRM-400**

SURVIVOR

Designed for High Impact Areas

The Survivor is the perfect delineator for high impact areas such as on/off ramps and curves. A high-quality, ultraviolet and impact resistant plastic polymer makes these posts the most impact resistant markers available today... even at 65 m.p.h.! The Survivor features a metal U-Channel anchor system that allows installation in rocky and hardpan soils without the need for a pilot hole. Pre-drilled for quick attachment of the post to the anchor makes the Survivor one of the easiest delineators to install.

Material: Plastic Polymer
 Width: Semicircular
 Cross Section-
 3-1/2"(8.89cm)
 Length: 66"(167.6cm),
 72" (182.9cm)
 Weight: 4.3 lbs.
 (1.95kg)(72")
 Colors: White, Yellow
 Model: **Survivor**

INSTALLATION TOOLS

Designed for simple installation of Carsonite markers, these tools are rugged enough to provide years of use. Carsonite post drivers provide quick installation in most soil types and removal is just as easy using the specially designed post puller. The Carsonite pilot hole driver is recommended for hard soil conditions.

- A. Post Puller #11613200
- B. Post Driver #11613000
- C. Power Drive Cap for Survivor Post #17602355
- Boundary Marker Driver #11613050
- Pilot Hole Driver #11613100
