State Law with YIELD
#11300505

SCHOOL State Law with STOP
#11300520

SCHOOL State Law with YIELD
#11300515

HIGHLY VISIBLE CROSSWALK IDENTIFICATION SIGN

The In-Street Pedestrian Crosswalk Sign provides enhanced conspicuity for both signalized and un-signalized intersections in order to alert motorists to local laws concerning yielding to or stopping for pedestrians in crosswalks.

The In-Street Pedestrian Sign is ideal for mid-block crosswalk identification and contains Impact Recovery Systems' patented, anti-twist reactive spring system that is designed to return the unit to its original position after impact.

- 12"x44" panel (47"H overall)
- 12"x36" Fluorescent Yellow Green Diamond Grade sheeting
- 10"x24" White Hi-Intensity insert
- Flexible polyethylene construction
- Double sided
- Anti-twist feature
- Stop, Yield, and School options

REACTIVE SPRING SYSTEM!

Customizable Side Panels

OMNI-PED®

Four-sided Pedestrian Messaging Center

Omni-Ped provides enhanced conspicuity for both signalized and un-signalized intersections, in order to alert motorists to local laws concerning yielding to or stopping for pedestrians in crosswalks. Omni-Ped's blow-molded, 4-sided design provides added benefit to pedestrians by providing fully customizable side panels that inform pedestrians of local ordinances or traffic conditions specific to their area.

- 12"x44" panel (48"H overall)
- Fluorescent Yellow Green Diamond Grade sheeting
- 10"x 24" White Hi-Intensity insert
- Single piece, blow molded HDPE
- Double sided
- Anti-twist feature
- Stop, Yield and School options

State Law with YIELD #11301805

SCHOOL State Law with STOP #11301810

SCHOOL State Law with YIELD #11301815

PED-IN-A-BAG™

The NEW Ped-in-a-Bag™ pedestrian sign was designed for use by school crossing guards who require a pedestrian safety device that is easily transported and deployed.

This sign's lightweight design (26 lbs- sign and base), and quick release system which allows the sign to be removed from the base in less than five seconds, makes this unit ideal for use in school zones. This sign is easily transported via the included carrying bag.

- 12"x36" panel (40"H overall)
- Fluorescent Yellow Green reflective sheeting
- 10"x 24" White Hi-Intensity insert: R1-6 or R1-6a
- Flexible polyethylene construction
- Double sided
- Anti-twist feature
- Stop, Yield, and School options
