PRODUCT OVERVIEW

PRODUCT NO. - DP00002 - 14 GA, 10'
DP00003 - 14 GA, 11'
DP00004 - 14 GA, 12'
DP00005 - 14 GA, 20'
DP00006 - 14 GA, 24'

Qwik-Punch sign support systems are designed to meet NCHRP 350 breakaway standards. Qwik-Punch square signposts are more resistant to twisting, bending, and leaning, even in high wind conditions.

Qwik-Punch Posts are available in 2" and 14 gauge only and stay straighter than galvanized U-channel, wood or round posts with cross and cap brackets.

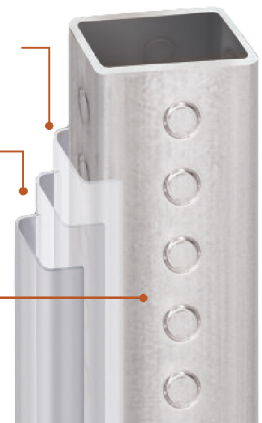

- Die cut knockout is punched out of post at desired location.
- Attach sign to the Quick-Punch signpost using drive rivets or fasteners.

FEATURES AND BENEFITS

- Easy installation that would otherwise require digging or driving from a raised platform.
- Signs can be mounted to all four sides without the added need for expensive brackets and caps.
- Corrosion resistant and it's solid surface is more aesthetically pleasing than U-channel or wood.

- Hot-dipped Flo-Coat 99.99% pure zinc galvanizing
- Conversion coating
- Clear polymer coating
- Cold-formed steel provides high tensile strength
